
WARREN FARM RADIO FLYERS WFRF

AUGUST UPDATE

INVADING CRICKETERS

The August newsletter contained a disturbing report of an invasion of our flying area by cricketers outside of their allotted time, resulting in damage to Tamas Garai's model and an early end to that day's flying programme.

This was reported to Lynne Claydon at the sports bookings office. Together with her colleague Mr. White, they called in the cricket team manager for his explanation.

We are pleased to report that, as a result of their intervention, the Taal Cricket Club have paid WFRF compensation for the damage to the model and the loss of flying. We will shortly be passing some of this money to Tamas, and the remainder will help towards the running costs of the club.

The sports bookings office have agreed to cricket starting at 1pm each Saturday, WFRF have agreed with the cricket club that we will cease flying at 12.30pm to give them 30 minutes to set up their playing area.

Our grateful thanks to Lynne and Mr. Smith for their intervention.

WHITE WALTHAM MEMBERS DAY

We have had an email from Bob Mahoney asking for models for both flying and static display at White Waltham Airfield, near Maidenhead, on Saturday 1st September. If any of you wish to participate, please call him on 01494 521 838 at least 1 week before the event (sensible hours please). He will then arrange entry.

Models over 7kg will not be allowed to fly unless the wind is from the NNW or SSE, but they will be on static display.

There will also be a full size airshow during the day.

It is our understanding that a "B" Certificate will NOT be required, but experienced flyers only please.
