

# WARREN FARM RADIO FLYERS

*Our display at the 2019 Village Day.*

## JULY AT WARREN FARM

### FIELD CONDITION

The runway remains in good condition, as the grass had not grown very much in the recent dry spell.

The rabbit holes have been filled, but the furry fiends have been back. We will try to find another solution, but in the meantime we can only advise that you check for holes before flying.

The large fox holes at the extreme end of the runway are not in a position where any model should be landing.

### NORWOOD GREEN VILLAGE DAY – SATURDAY 23<sup>rd</sup> July

We urgently need volunteers to man our static display. Also we need some good quality models for the public to look at. Food, drink and entertainment are available all day, and toilets are available either in St. Mary's Church, or in The Plough.

This is a great day out, and a good opportunity to present our case for keeping the field. It is possible that our friends from the Warren Farm Nature Reserve Group may also be there, so this is a good chance for both groups to present a united front.

*Our 2<sup>nd</sup> appearance in July 2019*
