

WARREN FARM RADIO FLYERS

The logo consists of the letters 'WFRF' in a bold, sans-serif font, enclosed within a rounded rectangular border.

This is the December 2025 Newsletter.

With the flying season almost ended for this year, there are a few items we still need to address. These are:

1.0 RCC Tests

Following on from last month's note on RCC tests, I assume you have all taken (and passed!) the test to allow you to fly legally from now on. Can you please email me a copy of your certificate for record purposes before you fly again. The BMFA has told me that the existing RCC achievement will be removed from your record in due course if you do not take and pass the test.

2.0 Bob's Planes and Equipment

All Bob's planes and equipment are still in my garage. There was not a massive response from club members. Richard and I are therefore looking at Plane Olde Bargains to take the entire collection. This should maximise the money we can pass on to Anne.

3.0 Flying Field

The landing strip is still in great condition. Richard even managed to get it cut one last time after the official end of council cutting.

4.0 Fees

Some members have already paid BMFA fees directly to the BMFA. This has proved very straightforward to complete. The same applies for Operator ID. I suggest all members pay BMFA directly for BMFA membership and the Operator ID.

The club subscription is not due until the end of the year. Ideally, this will be paid by members directly into the WFRF account (Sort code 40-42-13, Account 71601733).

Let me or Richard know if any of the above will be a problem for anybody.

We will maintain the annual club membership fee at £40 for adults and £20 for juniors.

Not much in the way of photos this month, but Richard managed a bit of flying.

Finally, A VERY MERRY CHRISTMAS TO ALL OUR MEMBERS!!

Paul

Zippo's Circus were on site again
